FACING TOMORROW

It may be hard for you to feel optimistic about the future right now. If you've lost a spouse, child, family member or friend, you've probably found that there are not many people who understand the deep hurt you feel.

That's the reason for this Grief Share program, designed for people grieving the loss of someone dear. This group is sponsored by people who understand what you are experiencing and want to offer you comfort and encouragement during this difficult time.

Each session includes a video seminar and group discussion. A notebook will assist you with note taking, journaling and grief study.

The videos feature top experts on grief recovery. The small groups will give you the opportunity to interact with others who have experienced a loss, learn about their experiences and share your own.

Grief Share features biblical teaching on grief and recovery topics. Please join us for this session.
